

Construction Quality Assurance Technician

Geo-Logic Associates, Inc. (GLA), a multi-disciplinary civil and environmental consulting firm with 250 professionals in 26 offices in the United States and an office in Peru, is currently seeking a full-time **Construction Quality Assurance Technician** to provide support for civil/site infrastructure, solid waste, mining, and environmental remediation projects.

Office Location: Ontario, CA or Grass Valley, CA

The Construction Quality Assurance Technician will provide field observation, testing, and documentation for soils and geosynthetics installation projects at landfills, mine sites, public works construction sites, and other similar project sites. The work shall include, but not be limited to:

- Soil sampling
- Field compaction testing (nuclear density, sand cone, drive-ring methods)
- Field permeability testing (BAT™, Boutwell™ permeameters)
- Moisture-density curves
- Field moisture content
- Observation and documentation of geosynthetic materials installation (geomembranes/flexible membrane liners, geotextiles, geosynthetic clay liners, etc.)
- Using GPS equipment to document test locations
- Documenting contractor work
- Assistance preparing construction completion reports

Position requirements include:

- United States Citizen or legal residency
- Valid driver's license
- Experience providing construction quality assurance services

Preferred skills include:

- Soils and/or geosynthetics testing certification
- OSHA 40-hour HAZWOPER training and current 8-hour annual HAZWOPER training
- MSHA training
- Bachelor's degree in physical science, environmental studies, or a related field

Candidate will be expected to work away from home on a regular basis. Work will include daily travel, working at remote sites, and interaction with team members, clients, contractors, and the general public. Candidate will regularly work at municipal solid waste disposal sites, hazardous waste sites, and mine sites. The Candidate must be in good health, and must be able to lift up to 50 pounds. Employment is subject to a pre-employment physical examination, including drug screening.

GLA offers a comprehensive benefits package including health insurance, 401(k) retirement plan, and Employee Stock Ownership Plan.

GLA is an Equal Opportunity Employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, sexual orientation, gender identity, disability and protected veterans status or any other characteristic protected by law.

Please submit your resume and cover letter to employment@geo-logic.com. The closing date for resumes to be submitted is May 31, 2020.
